Resort Hotels in the Canadian Rockies Offer Decided Rate Economies

"*MOUNTAIN PEAKS AT VALLEY PRICES,*" may well be the slogan of the CANADIAN PACIFIC RESORT HOTELS during 1933, for very noticeable reductions have been made in the rates at BANFF SPRINGS HOTEL, CHATEAU LAKE LOUISE and EMERALD LAKE CHALET. Vacationists seeking a locale that combines recreation, comfort and convenience in a scenic setting unparalleled the world over will find these resorts in the Canadian Rockies foremost in appeal . . . and at the new low 1933 prices a vacation in this region can be made economical indeed.

From the Pacific Coast States, fine highways lead into this magnificent territory through several central points of entry. Once in the Rockies, the same excellent roads prevail and a vacation by motor is a succession of delightful thrills—whether one is enroute or stopping off at one of the famous Resort Hotels or Chalet-Bungalow Camps.

In addition to the three Resort Hotels named above, the PALLISER HOTEL at Calgary is a distinct part of a complete motor tour of the Rockies. Each of these hotels and resorts is strategically located to appeal to the motorist, and each affords much opportunity for its guests' recreation and pleasure.

BANFF SPRINGS HOTEL is a magnificent hostelry in the heart of the Banff National Park, backed by three splendid mountain ranges. The hot springs here are among the most important on the American continent. Alpine climbing, swimming, golf on a magnificent championship course, tennis, fishing, boating, horseback riding and hiking are among the diversions that Banff affords.

CHATEAU LAKE LOUISE, on Lake Louise, Alberta, is another hotel of metropolitan magnificence, facing an exquisite Alpine lake in the same district as Banff. Here may be found Alpine climbing with Swiss guides, pony trips or walks to several points of interest, horseback riding, swimming, boating and fishing.

EMERALD LAKE CHALET, located near Field, British Columbia, is at the foot of Mt. Burgess in Yoho National Park. Roads and trails from this charming Chalet hotel lead to Burgess Pass, Yoho Valley and other neighboring scenic points. Boating and fishing may be enjoyed on Emerald Lake.

The HOTEL PALLISER, at Calgary, Alberta, is a handsome hotel that caters to the motorists enroute to or from the Canadian Rockies. Calgary is known particularly for its fine golf courses and its interesting scenic attractions, and a day or two spent here with the PALLISER as headquarters is always enjoyed by tourists.

In each of these Resorts and Hotels, CANADIAN PACIFIC service, cuisine, and standards assure complete enjoyment for every guest, and the reduced rates for 1933 promise an added economy certain to be appreciated
